Spanish: Native Level

English: Intermediate Level

About Me

I am a curious, creative, proactive and responsible person. I have a logical mindset when it comes to problem-solving. I enjoy constantly learning new things and working in a team, where I usually like to take the initiative. I am always ready for new challenges, learning from professionals and helping my co-workers. Additionally, I am self-taught and enjoy learning on my own. I am seeking a position with international or local challenges that will allow me to continue growing and learning.

Experience

RIPSA RED DE PAGOS, NOV 2022- PRESENT

.NET Developer

I have experience performing both Backend and Frontend tasks utilizing C#, .NET and Blazor. In my current role, I have successfully migrated desktop services to web applications and developed web pages with Blazor WebAssembly, employing the Onion architecture.

Furthermore, I have expertise in creating Web APIs following Restful principles to facilitate interactions between various applications. Additionally, I have demonstrated proficiency in normalizing, creating, and managing databases in SQL Server.

Education

University Programming Technician (Associate Degree)

Mar del Plata National Technological University

Finished in 2023

Courses

Programming in Blazor - ASP.NET Core 7

Udemy

Oct 2022 - Nov 2022

Building RESTful Web APIs with ASP.NET Core 6

Udemy

Nov 2022 - Dec 2022
